### Buying Campaign Has Given Boost to Selling

Washington, D. C., Oct. 24.—The weekly reports to permanent statistical agencies of the government afford definite data as to the success of the first week of the "Now is the time to buy" campaign inaugurated by merchants and manufacturers at the suggestion of the NRA in conjunction with newspaper and advertising firms. As an illustration, new Department of Commerce figures show that the nation spent 7.5 per cent more in 5- and 10-cent and dollar variety stores than during the corresponding period last month. Wholesale trade reports in all lines were reported as averaging 15 per cent more activity. Manufacturers are said to be having difficulty in filling forward orders, especially in nearly all grades of wearing apparel, which are predicted as due for sharp returns in price. The figure set for men's suits is 25 per cent by spring. A nationally known manufacturer of overalls reported to General Johnson that sales for September trebled those for the corresponding month of last year. The national reporting agencies predict the final quarter will show "tremendous expansion" over the third quarter, which Dun and Bradstreet described as having shown "impressive proportions," attributed to "the definite progress made in the solution of other major problems combined to restore confidence on a national scale."

### WORK ON PRISON BEGIN IN 30 DAYS

**FIVE HUNDRED PERSONS WILL BE EMPLOYED ON TATNALL COUNTY PROJECT**

Atlanta, Ga., Nov. 1.—Work on Georgia's new prison plant on a 6,000-acre farm in Tatnall county will begin within 30 days, employing more than 500 persons for nine months. It will represent a federal investment of \$1,500,000.

Title to the property and the buildings will be retained by the government and leased to the state at an annual rental to make the project self-liquidating in fifteen years.

The allotment marks the first instance in which the special board for public works has agreed to lease a project. In the event Georgia is able to fulfill its leasing agreement the government could repossess the building and adapt it to federal use.

The prison funding act, which will cost \$1,300,000 and the land \$200,000, the prison will include dormitories and warehouse buildings, a power plant, water and sewerage disposal systems, kitchen, laundry, farm buildings and dairy equipment. It will be sufficient to maintain 5,000 to 4,000 prisoners.

Food supplies for all eleemosynary institutions of the state will be produced on the farm by convict labor and clothing for patients at state institutions will be made within the prison as well as clothing for prisoners themselves.

Under the present law, prisoners can be used only on road work or on the present state farm at Milledgeville, but the next legislature is to be asked to amend the law so as to allow prison labor to manufacture articles used in state institutions.

Final disposition of the present plant at Milledgeville has not been definitely decided, members of the prison commission said, but the intention is to convert the prison into an asylum for the criminal insane as an addition to the state sanitarium, now greatly crowded.

**GIVES SUPPORT TO PROPOSITION TO CONSTRUCT HOSPITAL WITH FEDERAL AID.**

To the October Term, Bulloch Superior Court, 1933:

The grand jurors chosen and sworn to serve at the October, 1933, term beg leave to submit the following report:

The following committee was appointed to examine the changeable property of the county and report their findings and recommendations, if any, to the court, 1934, term of this court: C. C. Daughtry, J. A. Dugas and Joseph Woodcock.

By committee we have examined the court house and jail, this committee reporting as follows:

We, the committee appointed by the grand jury at the October term, 1933, to inspect the jail and court house, find the jail in bad condition, panes in windows broken out; flies in bad shape; we recommend that the flies be built up on through the building, and that a garage be built for the court house and the seats in the court room in bad shape; we recommend that that panes be put in the windows and that the seats be replaced.

This October 26, 1933.  
JOHN POWELL, Chairman.  
WILLIS A. WATERS, Committee.

We have examined the books of the justices of the peace and notaries public of the county, also by committee, whose report follows:

Officers elected at the annual meeting of the Dexter Allen Post of the American Legion last Thursday evening were as follows: Louis H. Thompson, commander; T. E. Daves, first vice-president; J. ### OFFER VALUABLE AID FOR FARMERS

**SOUTHERNERS RECEIVE MORE THAN HALF MILLION DOLLARS FROM FEDERAL BOARD.**

S. L. Looney, of Tampa, recently elected president of the Production Credit Corporation of Columbia, resigned last week and Ernest Graham, of Red Springs, N. C., vice-president, was promoted to succeed him.

Announcement of the change was made by Frank H. Daniel, president of the land bank, who made a special board meeting at which Looney will return to Tampa to take charge of the citrus exchange.

Hiram Gardner, Eatonton, Ga., who had been secretary and treasurer since the corporation was established here a few weeks ago, was made vice-president and V. R. Judson, of Bartow, Fla., succeeded Gardner as secretary and treasurer.

The Production Credit Corporation is one of the four units of the Columbia regional Federal Credit Administration, the other units being the Federal Land Bank, the Intermediate Credit Bank, and the Bank for Cooperatives.

Farmers living in the states of North Carolina, South Carolina, Georgia and Florida were better off by \$705,000 during the last three days as loans closed by the Federal Land Bank amounted to this figure. President Daniel of the land bank said that with the double shift which is now being carried, between 200 and 300 loans will be closed daily. Applications for loans from the Federal Land Bank and/or the Land Bank Commissioner are being received at a rate of approximately fifteen to eighteen hundred a week.

In response to the request of Governor Harry Morganthau Jr., of the Farm Credit Administration in Washington, many state governors are now appointing Farm Debt Conciliation Committees.

These committees will seek to bring about voluntary compromises between creditors and debtors in cases of excessive indebtedness through local county committees. The committees are to be officially appointed by the

### MISSION SCHOOL TO BEGIN MONDAY

**CLASSES OF INSTRUCTION TO BE CONDUCTED EACH EVENING DURING NEXT WEEK.**

Beginning Monday evening, November 6th, and continuing through November 10th, the First Baptist church will foster a church school of missions, which will meet at 7:30 each evening.

A group of capable teachers and speakers has been selected for these meetings and it is hoped that a large number from every department of the church and many throughout the association will attend. The faculty consists of Rev. L. P. Glass, pastor of the Baptist church at Savannah, who will teach the adult class. Miss Mary Christian, State Young People's secretary, will teach the young people, while Rev. L. D. Lay, of Brooklet, will teach the class of intermediates. Miss Christian will also teach the juniors each afternoon at 4 o'clock. Miss Julia Harper will have charge of the primary class, which will also meet in the afternoon.

An outstanding feature of the week will be the address each evening after class period by Dr. A. Scott Patterson, returning missionary from Africa. Dr. Patterson, an able and gifted speaker, is one of the veteran missionaries whose heart is in the work he left because of broken health, caused by the severity of the African climate and the hardships he endured while laboring there. The public is invited to hear Dr. Patterson and to join the classes in study of mission work.

### Visitors Invited At Local School

As next week will be observed as National Education Week, we are extending to as many parents as will an invitation to visit our school and observe the work we are trying to do for our children.

All schedules will run as they do each day, so you will have an opportunity to see a sample of our regular school work.

We welcome all interested parents to visit us, and would like to have any suggestions about the work being done.

Visit your school and get acquainted with the teacher of your child, and thereby we may have a closer unity and spirit of co-operation for the interest of the child.

Yours truly,  
R. M. MONTS.

### Judges Takes Fine For Being Delayed

When Judge William Woodrum came into court late Tuesday morning, perspiration standing out on his face and his breath coming in short pants, he turned deliberately to Solicitor General Nevill and requested that he assess a fine for his lateness. "How much are you?" asked the solicitor. The judge looked at his watch and replied, "Seventeen minutes." "Well," said Mr. Nevill, "you fined me a dollar a minute; I won't be so severe on you—I'll make it \$10 for the 17 minutes." And the judge consented that it was reasonable. He explained that he had been delayed by tire trouble on his way from Milledgeville. "It wasn't my fault that I was delayed," he said, "but I ought to have been fined for not starting early enough to take care of the possible delay."

### EDUCATION WEEK FOR LOCAL P.-T. A.

**CAMPAIGN TO DIRECT ATTENTION TO WELFARE OF CHILDREN OF SCHOOL AGE.**

The Statesboro P.-T. A. and the education committee of the Women's Club under the direction of Mrs. Chas. Olliff, have planned to observe National Education Week, November 6-12. The aim of this project is to direct attention to the welfare of the school age children.

All parents and those interested in the education of children are urged to visit the schools during the week and make a special study of the child at school and its school home.

The pastors of the churches are going to co-operate by giving special emphasis to education in their sermons on Sunday morning.

The grade mothers, directed by the chairman, Mrs. E. P. Josey, will see that every parent in their grade is given a special invitation to visit the school. Some of them will be at the school house each day during the week to greet the other visitors and direct them to the rooms. A picture for the room will be given to the grade having the largest percent of visitors, a large cake will be given to the children, also.

Some of Miss Mobley's and Miss Carmichael's rooms at Statesboro and Miss Wood's room at the Teachers College training school have made posters to be placed on exhibit up town.

The editor has promised to make next week's Bulloch Times largely an educational issue.

A speaker on some phase of education will be sent to every school in the county to speak to the parents and children of the community. This is being directed by Miss Gladys Proctor.

The Bulloch County Council of Parents and Teachers will hold its meeting on November 4th and carry out a special program.

The business houses will co-operate by giving space in their windows for a poster and by putting the flags out for the whole week.

The school teachers and children are looking forward to having the parents visit the schools.

Mr. Monts requested the P.-T. A. to get the parents to visit and study the school this year, hence the origin of this project. He cordially invites you to come.

### BEGINNING PLANS RED CROSS DRIVE

**MEMBERSHIP SUPPORT OF RELIEF WORK CALLED FOR BY LOCAL ROLL CALL LEADER**

Memberships for 1934 are sought by the American Red Cross, which extends to every person an invitation to join during the period of roll call, November 11 to 30. Through pulpits and press, on the air and by personal contact, the opportunity to share in the work or organized relief will be offered to millions of men and women throughout the country between Armistice Day and Thanksgiving.

In making the announcement of roll call plans, A. R. Lanier, chairman of the Bulloch County Chapter, called for county-wide co-operation in attaining the goal of 600.

"The annual canvass, like that of Red Cross activities, is a volunteer responsibility," said Mr. Lanier. "Roll call workers are themselves members who are giving in addition a great deal of time and personal effort to the campaign. When they call, please be ready for them so that a second call will be unnecessary and the canvass may be short and thorough. It is inevitable that some persons will be missed. These we urge to bring or send their membership dues to Chapter headquarters of their own accord—to volunteer their support in true Red Cross spirit."

"We are placing in strategic positions various reminders that roll call time is at hand—the poster with its list of those in need; the window card with its message of Red Cross colors. 'The American Red Cross Carries On.' Every new member receives a Red Cross button. From the windows of our homes will be proudly displayed a sticker to which they are entitled, bearing a large red cross and the words 'Every Member of this Family Has Joined.'"

Mr. Lanier points out that all except 50 cents of each membership fee goes for local Red Cross activities. Memberships are designated as follows:

**CLASSES OF INSTRUCTION TO BE CONDUCTED EACH EVENING DURING NEXT WEEK.**

Beginning Monday evening, November 6th, and continuing through November 10th, the First Baptist church will foster a church school of missions, which will meet at 7:30 each evening.

A group of capable teachers and speakers has been selected for these meetings and it is hoped that a large number from every department of the church and many throughout the association will attend. The faculty consists of Rev. L. P. Glass, pastor of the Baptist church at Savannah, who will teach the adult class. Miss Mary Christian, State Young People's secretary, will teach the young people, while Rev. L. D. Lay, of Brooklet, will teach the class of intermediates. Miss Christian will also teach the juniors each afternoon at 4 o'clock. Miss Julia Harper will have charge of the primary class, which will also meet in the afternoon.

An outstanding feature of the week will be the address each evening after class period by Dr. A. Scott Patterson, returning missionary from Africa. Dr. Patterson, an able and gifted speaker, is one of the veteran missionaries whose heart is in the work he left because of broken health, caused by the severity of the African climate and the hardships he endured while laboring there. The public is invited to hear Dr. Patterson and to join the classes in study of mission work.

### TEACHERS COLLEGE TO PRESENT PLAYS

The Bergmann Players with Miss Anita Tully will present two plays in Statesboro this week end, "The Pretender" on Friday evening and "She Stoops to Conquer" on Saturday.

Statesboro on two other occasions and made a reputation for themselves in this section. They are the same company that supported Miss Tully in the company's trans-continental tour of the colleges and universities of America, and the present is the play's tenth season under the personal direction of Gene Bergmann.

Miss Tully, who plays the lead, has played that part in many New York productions. Mr. Bergmann has had equal experience. In fact, every member of the company has had years of experience on the professional stage. Both these plays will be given in the college auditorium at 8 o'clock. "The Pretender" on Friday evening and "She Stoops to Conquer" on Saturday.

An admission fee of 20 and 35 cents will be charged. All school children and faculty members throughout this section will be admitted for 20 cents.

### Ladies of Auxiliary To Sell Poppies

Friday, November 10th, will be "Poppy Day" and the members of the Dexter Allen Unit No. 90 will have poppies for sale. The poppies you will buy are made by the service men in the hospitals in Atlanta and are made by the men who are still fighting the "battle," the battle for life and mere existence. For some, it would have been better if they, too, were sleeping under the poppies in Flaners Field, but the Great Commander did not see fit to take them, so it is up to you to help them. By making and selling the poppies some of these men are able to support their families. While living.

### PROMINENT NEGRO VISITOR TUESDAY

**DR. CARVER SPOKE AT CHAPEL AT SOUTH GEORGIA TEACHERS COLLEGE IN MORNING.**

A crowd which taxed the auditorium to its capacity, including many persons from over the county and even from adjoining counties, heard Dr. George Carver, noted colored scientist, Tuesday at the chapel at South Georgia Teachers College. The distinguished educator, member of the faculty of Tuskegee Institute, Alabama, came from Savannah and was accompanied by Prof. Hubert, head of the industrial college there.

William James, head of the Statesboro Industrial School, also colored, brought a chorus of twenty from his school, who, under the direction of Julia Armstrong, rendered three spirituals to the immense delight of the audience.

Professor Hubert was presented by President Wells and he in turn introduced Dr. Carver. For more than an hour the noted educator held his audience spellbound as he discussed the poppy, and presented more than four score samples of products which he has evolved from it at his laboratory in Tuskegee. He made the statement that his research has disclosed exactly 285 products from the poppy, and the samples he displayed ranged from face lozions to road paving and tire rubber, embracing in that range foods of highest value, medicinal products, paper products and paints of most beautiful shades.

Dr. Carver returned to Savannah immediately after his address to the Statesboro Industrial School.

### FLAKES ACQUIRED ON BIGAMY CHARGE

When Estel Flakes, young white man from Burke county, came into court Monday to stand trial on a charge of bigamy, two young wives, arm-in-arm, came in to testify against him.

Wife No. 2, the prosecutrix, was Mrs. Ruth Harrelson Flakes. It was she who, following a family rupture last year, abandoned him and returned to her home in Bulloch. Young Flakes followed and, in a vain attempt to coerce her to return, had a personal difficulty. With this rupture as an incentive, this Ruth Flakes issued a warrant charging bigamy. As a leading witness she had a summons issued for wife No. 1, also Ruth Flakes, now the wife of Melvin in Burke county.

It was the fact that wife No. 1 had never been legally divorced which prevented her from testifying against Flakes. For lack of absolute proof the case fell through. Flakes walked out of court still doubly married, but without a wife.

Flakes' first marriage was in 1925. To this union was born a son now almost seven years old. He and his first wife separated after two years, when made up and here and there after a few days. She entered suit for divorce in Burke county, but the case was never tried. Flakes married Ruth Harrelson about two years ago. At about the same time wife No. 1 married a young Melvin, with whom she is now living.

So it was a rather unusual family situation which was aired in court here.
